5.	<p>MATTERS ARISING: Cllr Wragg has spoken to the Headteacher Mrs Mephram about the school's opinion for a crossing - Mrs Mephram would seek opinion but thought that directly opposite the school gates would be a preferred location.</p>	
6.	<p>COUNTY COUNCIL AFFAIRS: Cllr Topping attended the meeting and gave the following report:</p> <p><i>"Boundary review of County Council</i> <i>The Boundary commission proposals reducing the number of county council divisions are out to consultation. People can make a submission to the Cambridgeshire electoral review, through consultation.lgbce.org.uk, sending an e-mail to reviews@lgbce.org.uk. The key point for Fowlmere is that their is an alignment with Foxton, and the proposed division covering Fowlmere is made up of villages which have broadly similar make-up and issues. The new divisions in the south of the county are geographically larger than before. The Boundary Commission is also starting a review of district council boundaries.</i></p> <p><i>The County Council is also seeking views on its flood management strategy. The problems winter before last were often caused more by ditches and soakways not being maintained, more than because we live near rivers and lakes. If people want to give their views the link is www.smartsurvey.co.uk/s/NBICY/ until 14 July. If there are flooding issues, now would be the time for the parish council to meet with highways to get the work schedule agreed before the winter.</i></p> <p><i>Superfast broadband</i> <i>The Connecting Cambridgeshire team – I saw them on Tuesday - were very grateful for the detailed information supplied by local residents – this has enabled them to go back to BT and ask questions about the initial mapping where cul de sacs might have been missed. As always, websites such as www.moneysupermarket.com provide simple guidance on what this is all about, and it pays to shop around.</i></p>	

<p>Balfour Beatty streetlighting <i>I have chased up Peta, who is holding the fort after the departure of Keeley. They have now visited the villages where work is still outstanding and they tell me that they aim to complete by the end of June. They will email me the dates for that work next week and I will forward to Jacqui if there are any remaining problems for Fowlmere.</i></p> <p>Village school places <i>The situation is still very difficult in that demand exceeds supply. I am aware of a family in Ickleton that might need to have to send a child to Linton. I am advising a family in Whittlesford that is going to appeal, although the appeal rules are very restricted. If there are families facing these problems in Fowlmere then please ask them to contact me and I will do what I can to assist. I have had meetings with the admissions manager at the county last week about what to do in the longer terms - decide which school has the location for expansion and build there.</i></p> <p>County Council minor highways scheme <i>Bids are due in the autumn, so now is the time to decide if any scheme is to be pursued, and – importantly – to schedule meetings with highways engineers to obtain rough order costings and get them on side.</i></p> <p>Neighbourhood Plan <i>Whittlesford Parish Council remain very keen to understand the work of other villages. I understand that Foxton have made progress on their plan – given the similarities ie proximity to a rail station, it might be worth a joint meeting with Foxton to understand how they have got on.</i></p> <p><i>I have asked - but not yet had - an update on Flints Cross from the County (Andrew Greenwood).</i></p> <p>HGVs <i>Still need to get this meeting about putting weight restrictions to prevent rat-running through villages set up with David Lines – I will update at the meeting as I have a session with Mike Cooper this morning.</i></p> <p>Other news... <i>The County Council attempt to go into a commercial partnership to re-use parts of the Central Cambridge Library has been suspended following revelations that the owner of the company is disqualified from being a company director until 2019. There will be a full council meeting on this issue.</i> <i>I was interviewed by BBC Radio Cambridge regarding the Babraham roundabout on the A1307 where cars keep spinning, and what the county council can do to prevent this.</i> <i>I was very pleased to attend the installation of the new vicar covering the parishes of Thriplow, Foxton, Fowlmere and Shepreth.</i> <i>The County Council now has a policy of asking parish councils to pay for village road signs if they need replacing.</i></p> <p>Email peter.topping@cambridgeshire.gov.uk tel 07825 876582 twitter @petertopping"</p> <p>Clerk to speak to Mike Cooper (CCC) about the clearing of an underground pipe in Chapel Lane.</p> <p>Cllr Topping added that if the school needs additional school classrooms, now is the time to speak to County as there is a need for increased places. Cllr Roberts to speak to the school</p>	<p>Clerk</p> <p>Cllr Roberts</p>
